

Bell

PHOTOGRAPHERS INC.

History of Company

With over 57 years of experience in School Photography, we provide a quality product for a reasonable price as our mission statement suggests. Bell Photographers is big enough to have all the capabilities necessary to take care of all your needs, but small enough to provide the service and quality that you require.

Bell Photographers was founded over 57 years ago in Ogden, Utah by Lester Bell and is currently being operated by third and fourth generation family members. Beginning with black and white, through color and now into digital. We currently use the latest digital technology to produce all of our photographs. Our lab is up to date with modern technology, including digital printing capabilities. Bell is staying up with changing times and has fully transitioned to an all digital work flow, increasing quality, versatility and turn around of all products.

Bell Photographers is a corporation and is licensed to do business in Arizona, Alaska, Idaho, Nevada, Utah and Wyoming. Corporate offices are located at 6600 South Highway 89, in Ogden, Utah. Our main scope of business is volume photography including school and sports photography. We currently service over 400 schools.
